03 STYLE & DESIGN

Figuring out the style you want for your day!

Choosing a wedding style can be a fun and creative process. Here are some tips to help you decide on the perfect style for you:

-  **Reflect on Your Personalities:** Think about your individual likes and shared interests. Are you more traditional, modern, bohemian, or rustic? Your wedding should reflect who you are as a couple.
-  **Create a Vision Board:** Use Pinterest to gather images that inspire you. Look for patterns in the colours, themes, and styles you're drawn to.
-  **Consider Your Venue:** The location can significantly influence your wedding style. A beach wedding will have a different feel than a formal ballroom or a rustic barn.
-  **Set a Colour Palette:** Choose a set of colors that you love and that work well together. This will help guide your decisions on flowers, décor, and attire.
-  **Think About the Season:** Seasonal elements can enhance your wedding style. For example, a winter wedding might include cosy, warm tones and elements, while a summer wedding could be bright and airy.
-  **Stay True to Yourselves:** Trends come and go, but your wedding should be a reflection of your unique love story. Choose elements that feel authentic to you as a couple. There are no cookie cutter, rinse and repeat weddings here- This is important to us and it should be for you too.
-  **Consult with Professionals:** Talk to us, and your other vendors. We can provide valuable insights and help bring your vision to life.
-  **Have Fun:** This is your special day, so enjoy the process of creating a celebration that's uniquely yours.

04 THE TEAM

Kris McKee - Creative Director and Lead Florist

Kris is a vibrant blend of creativity and compassion! A former nurse who once studied opera, Kris now channels her passion into floral design. She has a deep love for all things vintage and is dedicated to helping people feel seen and heard. When she's not designing stunning arrangements, you might find her zipping around on her scooter, or martini (dirty and dry) in hand, with David Bowie playing in the background.

Kris has a network of wonderfully talented, dedicated, and passionate freelance florists who work on weddings and events with her.

Then there is Ben, affectionately known in the industry as Benny Quick Snips, he is pretty fast with a pair of secateurs! You'll find Ben up a ladder, tying knots, constructing installation mechanics, expertly tetris packing the van, and keeping everyone cool, calm, and collected when deadlines are tight.

And last but certainly not least is Kenny, the van. A reliable set of wheels and a safe ride for all your precious wedding day floral and styling cargo. Also partial to charivari on request.
